# IT'S YOUR AID. STAND UP FOR IT.

More than 370,000 New York students count on state student aid programs each year to help pay for college. If not for this help, many students would have a difficult time paying for college. You can help support these programs and make sure they are available for all New Yorkers heading to college. Become a part of the New York Student Aid Alliance today. Take a stand. Make your voice heard.
